

Longmead Community Farm

Strengthening and Supporting Families

Produce Manager Volunteer Vacancy

Longmead Community Farm has an impressive Kitchen Garden and yields a health crop.

We are looking for someone who has experience in produce management who can come and share their skills with us.

Longmead supports families in crisis in Dorset, and when they visit Longmead they are supported to harvest and cook with our fresh veggies.

However each year, there is more produce than we can use, as a charity we would like to make most efficient use of all of our produce. Which is why we are looking for a dedicated & experienced volunteer to support us in this area. This may include teaching our other volunteers good food storage, to ensure the longevity of our produce, for families to use and/or the selling of our produce to bring income back into the charity.

This role would initially start on Mondays, however if it suited the volunteer, additional access to the site could be granted.

Any one over the age of 18 who is able to contribute to the running of Longmead is welcome to join us on a Monday 10am-4pm at Longmead Community Farm, Milborne St Andrew, DT11 0HU

Training will be given to all new volunteers, including how to use any needed equipment.

As part of volunteering with us you will receive rewarding experiences, a hot cooked meal (term time) and travel expenses, as well as the opportunity to learn new skills, build your confidence be part of a friendly community and have some fun!

To find out more please call **April on 01258 837 960** or email April.Whalley@longmead.org or visit our website www.longmead.org
